

Willow Children's Garden

A Lifeways Early Childhood Centre

This is a new initiative offering an exploration of the philosophy and practices of Waldorf Early Childhood education.

We are committed to supporting the natural and healthy development of the young child through imaginative play, movement, purposeful work, creativity, storytelling and discovery in the child's environment.

We look forward to providing Pre-school through Kindergarten programs, Child Care, Expectant Parent program, Parent Workshops and Caregiver Training. Please contact Karen Weyler at 905-773-0044 for more information.

Joyful Beginnings

A program for parents and infants up to the age of 18 months. Families meet in a warm, relaxed setting where babies discover the world at their own pace. Parents will enhance their inner wisdom and natural ability to parent while learning rhymes and songs to use during care giving.

Playful Discoveries

A program for parents and children aged 18 months to 3 years. Children play freely with simple, natural toys with the parent nearby. Adults enjoy conversation and learning while making a seasonal craft. All join together to share a healthy snack, songs, rhymes and finger plays and outside time.
